

Finwise

Making it easy for everyone
to track their money.

Vivek raj

Problems

Lack of financial organization

Many individuals struggle to maintain a clear picture of their income and expenses.

Inefficient budgeting

Without a proper budgeting system in place, it's difficult to make informed financial decisions and manage money effectively.

Forgetting to pay bills

Many people struggle to remember their bill's due dates and pay them on time.

Solutions

Finwise aims to help people to maintain financial discipline and achieve their goals.

Track expenses

Track your income and expenses, and see if you are overspending and the amount of money you are saving

Set budget

Set a monthly budget , see your progress and get aware of overspending.

Reminder

Pay all your bills by setting a reminder for your bills.

Bill's Reminder

01 Set reminder

Set date, amount and description of the bill.

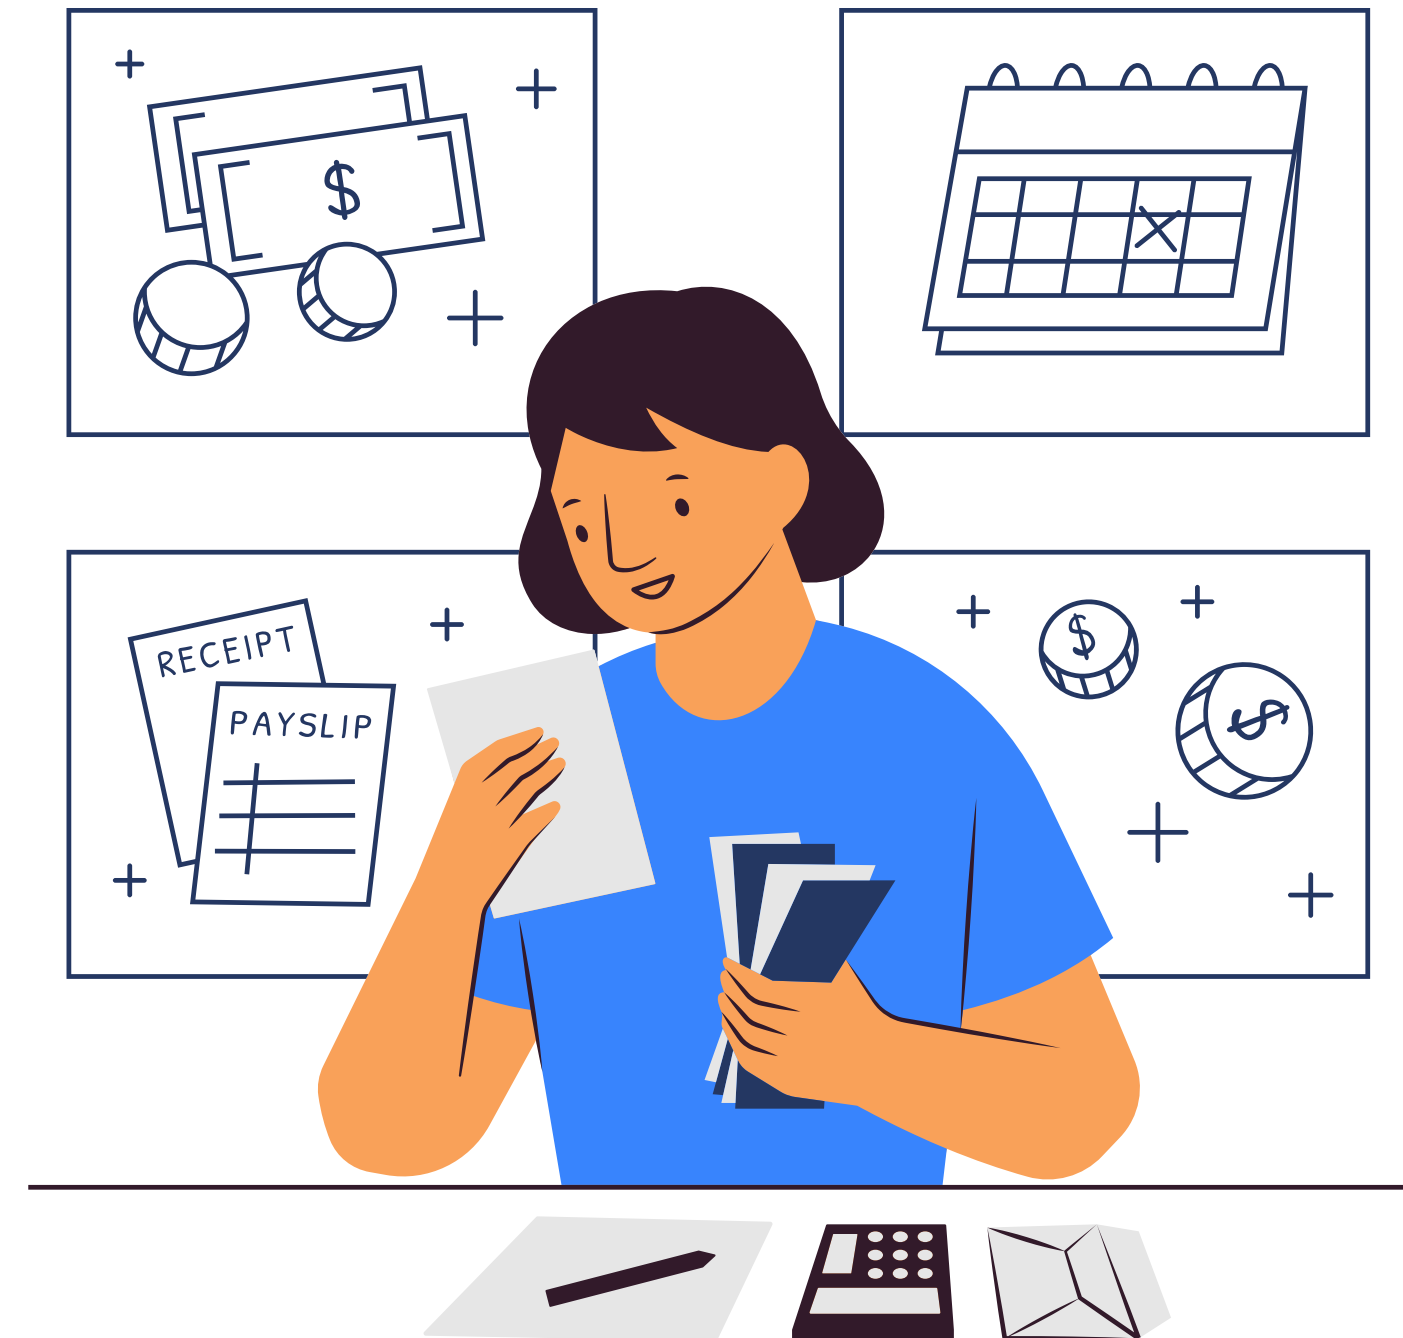

02 Set recurring reminder

Recurring reminders will remind you every month on the same set date.

Budgeting

- Create multiple categories for budget.
- Set a limit for that budget.
- Track your budget using a progress bar.

Income and expense

01 Track your income

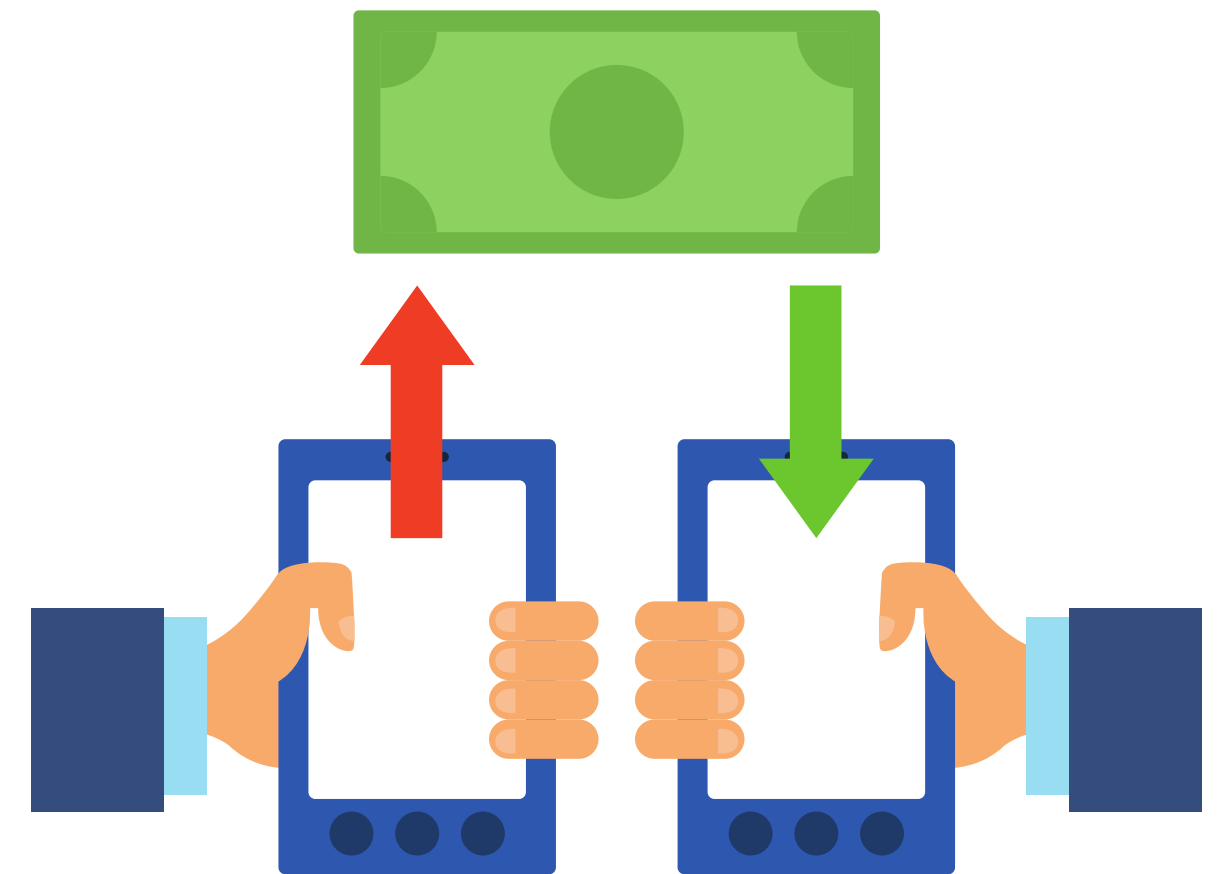

Enter your income date, amount.

02 Track your expenses

Enter your expenses in a month and see if you are within your budget limit of that month.

03 Savings

By tracking your incomes and expenses you can easily know your savings.

Thank You
